4.13 Signs. No commercial billboard or advertising shall be displayed to the public view on or from any Lot. Owners may advertise a Dwelling Unit and Lot for rent or for sale by displaying a single, neat, reasonably sized vacancy sign or "For Sale" sign thereon. Signs advertising the name of the builder and the name of the institution providing financing therefor may be displayed on a Lot during construction of the Buildings. Lighted, moving or flashing signs for any purposes are prohibited. Directional signs may be used to give directions to traffic or pedestrians or give special instructions. Any directional or identification sign within the Property shall be permitted, provided the same is approved by the ACC prior to installation. Notwithstanding the foregoing, the ACC shall have the right to adopt ACC Design Standards with respect to signs allowed within the Subject Property, which ACC Design Standards, if adopted, shall regulate signs within the Subject Property and shall control over the specific provisions of this Section.

4.14 Construction Time Frame. All construction work on Dwelling Units shall be diligently and continuously pursued, and shall be completed within nine (9) months from the date construction started.

4.15 Outbuildings. Outbuildings, separate garages, sheds and shelters may be constructed only simultaneously with or after a Dwelling Unit has been constructed on the Owner's Lot. All such buildings shall be constructed only after written approval thereof by the ACC. All outbuildings shall be constructed of similar or compatible exterior materials with the Dwelling Unit so as to be aesthetically compatible therewith. All outbuildings constructed on a Lot shall be in compliance with the applicable ordinance of the City of Meridian, Idaho.

4.16 Fences. All Lots shall have an enclosed fenced backyard; however, no fence or wall of any kind shall be constructed on a Lot unless the plans and specifications therefore, including the location, design, material and color thereof, have been approved in writing by the ACC prior to the construction or installation. All fences and/or walls constructed on a Lot shall be in compliance with the applicable ordinance of the City of Meridian, Idaho.

In addition to the requirements of the ACC Design Standards applicable to fences, all fences and walls shall be subject to the following restrictions:

(a) Fences and walls shall not extend closer to any sidewalk than twenty (20) feet nor project beyond the front set back of the Dwelling Unit, unless the owner has obtained permission from the City of Meridian to reduce this fence set back provision. No fence higher than six (6) feet shall be allowed without the prior written approval of the City of Meridian (if required) and the ACC.

(b) All fences and walls shall be constructed and installed and maintained in good appearance and condition at the expense of the Owner of the Lot on which they are located and all damaged fencing and walls shall be repaired or replaced to original design, materials and color within a reasonable time after said damage occurs.

(c) No fence or wall shall interfere with the use and enjoyment of any easement reserved in this Declaration or shown on the recorded subdivision plat of the property.

(d) No fence, wall, hedge, high planting, obstruction or barrier shall be allowed which would unreasonably interfere with the use and enjoyment of neighboring Lots and streets, and shall not be allowed if, in the opinion of the ACC, the same constitutes an undesirable, noxious or nuisance effect upon neighboring Lots.

(e) All fences constructed or to be constructed on common Lot lines shall be constructed and maintained at the equal expense of the Owners of the two Lots on which they are located; provided, however, any Owner who constructs a fence on the common Lot line without procuring the consent and agreement of the neighboring Lot Owner shall not be entitled to reimbursement for any portion of the cost of construction. An Owner may delay construction of any common Lot line fence until the neighboring Lot Owners have built their residence.

4.17 Landscaping. The following provisions shall govern the landscaping of Lots within the Subject Property:

(a) Although a landscape plan is not required to be submitted to the ACC for approval, the Owner is required to follow all guidelines set forth for landscaping by the ACC.

(b) The initial landscaping shall include, as a minimum, sod in the front and side yards, sod or hydroseeded grass in the rear yards, two (2) coniferous tree of at least 8' in height, or two (2) deciduous tree of at least 2.5" caliper, seven (7) five-gallon plants and eleven (11) three-gallon plants in the front yard; either three (3) five gallon plants or one (1) 1.25 caliper inch deciduous tree,

and four (4) three gallon plants in the side or rear yard. All plants shall be selected from the ACC's approved plant list. The use of mounds and sculptures in planting areas is encouraged.

(c) The above-referenced required landscaping shall be installed within forty-five (45) days after substantial completion of the Dwelling Unit on the Lot, with a reasonable extension allowed for weather.

(d) An underground automatic sprinkler system shall be installed sufficient to irrigate the entire Lot and the five (5) foot wide landscape area.

(e) The five (5) foot wide landscape area between sidewalk and curb of each Lot shall be landscaped by the Lot Owner with trees, sod, and flower beds all as more particularly required by the ACC Design and Landscape Standards.

4.18 Mailboxes. All mailboxes shall be constructed or installed on any Lot only if in compliance with the ACC Design Standards.

4.19 Basements. No basements shall be permitted.

## **ARTICLE 5: WATER SYSTEMS.**

5.1 Domestic Water. Each Lot shall have access to a domestic water system to be owned and operated by the City of Meridian. The domestic water system will provide water for culinary and other ordinary domestic household use and is not to be used to water a lawn, landscaped area or other similar areas except for Lots which do not have access to the Irrigation System (defined below) and for all Lots during those times of year when water is not being supplied by the Irrigation System. Water from the domestic water system for irrigation purposes will be subject to rules of the City of Meridian and, in any event, is subject to availability. Water from the domestic water system shall not be used for any swimming pool or to supply any exterior decorative pond, or any other similar use or system without the prior written approval of each such use by the City of Meridian. The Association may elect to receive water for irrigation of the Common Area from the City of Meridian when water is not being supplied by the Irrigation System, which use shall be paid by the Association from its Assessments revenue. Any Owner's use of water from the domestic water system shall constitute an agreement to pay the charges therefor by the City of Meridian.

5.2 Irrigation System. All Lots, including the Common Areas, shall have access to a pressurized irrigation water system ("Irrigation System") to be constructed by Declarant and owned and operated by the Association or the Irrigation District. Owners of Lots to which the system has been extended shall be required to pay either as part of the Regular Assessments or any specific assessment levied by the Irrigation District, a pro rata share of the cost of irrigation water and operation and maintenance of the Pressurized Irrigation System, regardless of actual use or nonuse of water from the Irrigation System. Use of the Irrigation System shall be subject to such rules and regulations of the Association or the Irrigation District and the right to receive water therefrom is, in any event, subject to availability for Lots and for the Common Area. THE AVAILABILITY OF PRESSURIZED IRRIGATION WATER FOR ANY LOT SHALL BE SUBJECT TO A

WATERING SCHEDULE FOR THE SUBDIVISION. THE INDIVIDUAL OWNERS SHALL INSTALL VALVE CONTROLLERS FOR THEIR INDIVIDUAL LOTS, AND REGULATE THE AVAILABILITY OF PRESSURIZED IRRIGATION WATER AT ANY TIME WITHIN THE TIME FRAME ALLOCATED TO THAT LOT PURSUANT TO THE WATERING SCHEDULE. Each Owner is prohibited from making any cross connection or tie in between the irrigation water system and the domestic water system. Each Owner is required to install an underground sprinkler system for the Owner's Lot and to connect to the Pressurized Irrigation System stub-out service connection provided to each Lot. The repair and maintenance of the individual Lot Owner's sprinkler system will be the responsibility of the Lot Owner. The Association shall be entitled to access any Lot for the purpose of inspecting, servicing and maintaining any Pressurized Irrigation System components located on the Lots. WATER FROM THE IRRIGATION SYSTEM IS NOT DRINKABLE; EACH LOT OWNER SHALL BE RESPONSIBLE TO ENSURE THAT IRRIGATION WATER WITHIN THE BOUNDARIES OF HIS LOT IS NOT CONSUMED BY ANY PERSON OR USED FOR CULINARY PURPOSES. EACH OWNER SHALL MARK THEIR INDIVIDUAL SPRINKLER SYSTEM AND ALL SURFACE FEATURES AS "NON-POTABLE WATER - FOR IRRIGATION ONLY".

#### **ARTICLE 6: HOMEOWNERS ASSOCIATION.**

6.1 Formation. It is contemplated that the Association shall be organized by the Declarant as an Idaho nonprofit corporation. The Association will be incorporated and will adopt By-Laws for its governance. To the extent the Articles of Incorporation or By-Laws of the Association conflict with the provisions of this Declaration, the provisions of this Declaration shall control.

6.2 Membership. Each Owner shall be a Member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot. The ownership of a Lot shall be the sole qualification for membership and shall automatically commence when a person becomes such Owner and shall automatically terminate when such ownership is conveyed or transferred. There shall be only one (1) membership for each Lot. If there are multiple Owners of a Lot, the Owners shall, by written instrument filed with the Association, designate the individual entitled to exercise the privileges of Membership.

6.3 Association Control. Until the Transition Date, the Declarant, or the Declarant's successor or assignee, shall have the exclusive control of the Association and the Owners, excluding the Declarant, shall not have the right to vote on any matters involving the operation of the Association or the Association's exercise of its authority. On and after the Transition Date, the membership shall be franchised and each Member shall be entitled to one (1) vote for each Lot owned.

6.4 Powers of Association. The Association shall have all powers of a non-profit corporation organized under the laws of the State of Idaho subject only to such limitations as are expressly set forth in the Articles, the By-Laws or this Declaration. It shall have the power to do any and all lawful things which may be authorized, required or permitted to be done under the Articles, By-Laws or this Declaration, and to do and perform any and all acts which may be necessary or

proper for, or incident to, the proper management and operation of the Common Area and the performance of the duties of the Association and other responsibilities set forth in this Declaration, including, but not limited to, the following:

(a) Assessments. The power to determine the amount of and to levy Regular, Special and Limited Assessments on the Owners and/or Lots and to enforce payment thereof in accordance with the provisions of this Declaration.

(b) Right of Enforcement. The power and authority from time to time in its own name, on its own behalf, or on behalf of any Owners(s) who consent thereto, to commence and maintain actions and suits to restrain and enjoin any breach or threatened breach of the Articles, By-Laws, Declaration or ACC Design Standards, and to enforce by mandatory injunction or otherwise, all provisions thereof.

(c) Delegation of Powers. The authority to delegate its power and duties to committees, officers, employees, or to any person, firm or corporation to act as manager, and to pay to such manager such compensation as shall be reasonable.

(d) Liability of Board Members and Officers. Neither any member of the Board nor any officers of the Association shall be personally liable to any Owner, or to any other party, for any damage, loss or prejudice suffered or claimed on account of any act or omission of the Association, the Board, its officer, a manager or any other representative or employee of the Association, or the ACC, provided that said Board Member, officer, manager, or other person has, upon the basis of such information as was available, acted in good faith without willful or intentional misconduct.

(e) Association Rules. The power to adopt, amend and repeal such rules and regulations as the Association deems reasonable. Such rules shall govern the use by Owners and Occupants or any other person of Common Area, Common Facilities and other property owned or controlled by the Association; provided, however, Association Rules shall not discriminate among Owners and shall not be inconsistent with the Articles, By-Laws or this Declaration. The Association Rules cover the Owner's obligations in connection with constructing, operating, and connecting their individual underground sprinkler system to the Pressurized Irrigation System and to abide by the irrigation schedule set by the Association. A copy of Association Rules as they may from time to time be adopted, amended or repealed shall be mailed or otherwise delivered to each Owner and Occupant. Upon such mailings, said Association Rules shall have the same force and effect as if they were set forth in and were part of this Declaration. In the event of any conflict between an Association Rule and any provision of the Articles, By-Laws or this Declaration, the conflicting provisions of the Association Rules shall be deemed superseded to the extent of any such inconsistency.

(f) Emergency Powers. The Association, or any person authorized by the Association, may enter onto any Lot or into any Building or other structure on a Lot in the event of any emergency involving illness or potential danger to life or property or when necessary in connection with any maintenance or construction for which it is responsible. Such entry shall be

made with as little inconvenience to the Occupants as practicable and any damage caused thereby shall be repaired by the Association unless said entry was necessitated by a condition caused by the Owner or Occupant.

(g) Licenses, Easements and Rights-of-Way. The power to grant and convey to any third party such licenses, easements, rights-of-way or fee title in, on, through, under or of the Common Area as may be necessary or appropriate for the orderly maintenance, preservation and enjoyment thereof and for the preservation of health, safety, convenience and welfare of the Owners, for the purpose of constructing, erecting, operating or maintaining:

(i) Underground lines, cables, wires, conduits and other devices for the transmission of any utility or other service.

(ii) Public sewers, storm drains, water drains and pipes, water systems, sprinkling systems, water, heating and gas lines or pipes.

(iii) Any similar public or quasi-public improvements or facilities.

6.5 Dedication. The Association shall have the right to dedicate or transfer all or any part of the Common Area or Common Facilities to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed to by the members of the Association. No such dedication or transfer shall be effective unless an instrument agreeing to such dedication or transfer has been approved by two-thirds of the members of the Association.

6.6 Duties of Association. In addition to the powers delegated to it by the Articles, By-Laws and this Declaration, without limiting the generality thereof, the Association or its authorized agents, if any, shall have the obligation to conduct all business affairs of common interest to all Owners and to perform each of the following duties:

(a) Operation and Maintenance of Common Area. Perform, or provide for the performance of, the operation, maintenance and management of the Common Area, Common Facilities and landscape easement areas, if any, owned or controlled by the Association, including the repair and replacement of property or improvements thereon damaged or destroyed by casualty loss, the maintenance, repair and replacement of any facilities, if any, installed by the Declarant and/or an irrigation district for the delivery of irrigation water to the Lots, and the maintenance, management, repair or replacement all other property owned or controlled by the Association.

(b) Maintenance of Landscaped Areas. Periodically, at least annually, prune the trees planted in the landscaped median between the subdivision sidewalks and curbs such that there is maintained eight (8) feet of clearance between the tree limbs and both the sidewalk and street surfaces and so that all suckers growing from the base of such trees are removed. In addition the Association shall periodically, and on a regular basis during the growing season, care and maintain any and all landscaped areas on the Common Areas or otherwise subject to the control of the Association, including, but not limited to watering, mowing and fertilizing of grassed areas, as well as the watering, fertilizing and pruning of trees and shrubs as required on the Common Areas.

(c) Maintenance of Pressurized Irrigation System. Although it is the specific intent of the Declarant that the Pressurized Irrigation System shall be conveyed to and maintained by the Irrigation District, to the extent that any portions of the irrigation system, including the system's supplemental ground water well and pump facility are not accepted for ownership or maintenance by the Irrigation District, the Association shall maintain any such excluded portions of the Pressurized Irrigation System.

(d) Lemp Canal. Maintain and keep free of weeds the strip of land lying between the south bank of the Lemp Canal and the guardrail on McMillan Rd.; provided, however, that the Association advise the Irrigation District prior to performing such maintenance.

(e) Maintenance of Drainage Lots.

(i) Heavy Maintenance of Drainage Lots. Heavy maintenance consists of periodically inspecting the Drainage Lots to insure they are functioning properly; cleaning out the piping and mucking out the Drainage Lots when the sediment level exceeds the designated storage level. All other maintenance of the drainage Lots shall be referred to herein as "light maintenance." ACHD has opted to perform this heavy maintenance and shall be allowed, by the Association, to perform this maintenance work. In the event ACHD shall decide not to do such "heavy maintenance" then the Association shall do it.

(ii) Easement to ACHD for Heavy Maintenance. Each Drainage Lot shall have an access road along one side of it to support a HS-25 truck loading. Such access road shall be accessible from the adjacent subdivision street, extend along an entire side of such Drainage Lot and be at least twelve (12) feet wide. ACHD is hereby granted an easement along one side of each Drainage Lot for the purpose of access to perform this heavy maintenance. An easement is granted across each entire Drainage Lot as needed for maintenance of the retention ponds by ACHD, and no landscaping or other obstruction shall be placed on the Drainage Lots in a manner that would interfere with the heavy maintenance. In the event that it is necessary to replace any improvements to the Drainage Lots such as fences, trees and/or sod, the removal of which has been necessary to perform maintenance, such replacement shall be the responsibility of the Association.

(iii) Light Maintenance of Drainage Lots. The Association shall perform all "light maintenance" of the Drainage Lots pursuant to that certain *Maintenance and Operation Manual*, the original of which shall be kept on file with the Association with copies made available to any interested party upon request. Said *Maintenance and Operation Manual* is incorporated herein by this reference.

(f) Taxes and Assessments. Pay all real and personal property taxes and Assessments levied against the Common Area owned or controlled by the Association or against the Association and/or any property owned by the Association. Such taxes and Assessments may be contested or compromised by the Association; provided, however, that they are paid or a bond insuring payment is posted prior to the sale or the disposition of any property to satisfy the payment of such taxes. In addition, the Association shall pay all other taxes, federal, state or local, including

income or corporate taxes, levied against the Association in the event that the Association is denied the status of a tax exempt corporation.

(g) Utilities. Acquire, provide and/or pay for water, sewer, refuse collection, electrical, telephone, gas and other necessary services for the Common Area owned or controlled by the Association.

(h) Identification Signs. Maintain, repair and replace all permanent entry and special identification signs for the Subject Property, whether the same is located within or without the boundaries of the Subject Property.

(i) Rule Making. Make, establish, promulgate, amend and repeal Association Rules.

(j) Architectural Control Committee. Appoint and remove Members of the Architectural Control Committee, all subject to the provisions of this Declaration.

(k) Enforcement of Restrictions and Rules. Perform such other acts, whether or not expressly authorized by this Declaration, as may be reasonably necessary to enforce any of the provisions of this Declaration and the Association Rules.

6.7 Improvements. The Association shall have the right, in accordance with its Articles and By-Laws, to borrow money for the purpose of maintaining and improving the Common Area and Common Facilities and in support thereof to mortgage said property, provided the rights of such mortgagee shall at all times be subordinate to the rights of the Owners under this declaration.

6.8 Enforcement of Common Area Maintenance. Notwithstanding that the Association is obligated to maintain the Common Areas and Common Facilities contained therein as defined herein and within the Articles of Incorporation of the Association, it is hereby provided that Meridian City and/or ACHD and/or the Irrigation District (collectively the "Agencies") may elect to maintain any part or facility of the Common Areas defined herein should the Association or the Declarant fail to maintain the same. In the event an Agency determines, in its sole discretion, that the Association is not adequately maintaining the defined Common Areas or Common Facilities, the Agency shall, before undertaking maintenance of said Common Areas, provide written notice of its and/or their intention to begin maintenance of the defined Common Areas or Common Facilities within a thirty (30) day period, within which time frame the Association may undertake to initiate and conclude all maintenance defects as identified by the Agency. In the event that the Association shall fail to commence and conclude maintenance of the defined Common Areas or Common Facilities, the Agency is hereby granted an irrevocable license and easement to enter upon any portion of the Common Areas to perform inspection and maintenance. Should the Agency engage in maintenance of the defined Common Areas or Common Facilities after having provided notice to the Association having provided the Association an opportunity to undertake said maintenance, the Agency shall be entitled to and empowered to file a ratable lien against all Lots within the Subject Property with power of sale as to each and every Lot to secure payment of any and all Assessments levied against any and all Lots in the Subject Property pursuant to this Declaration, together with interest at the rate

which accrues on judgments and all costs of collection which may be paid or incurred by the Agency in connection therewith. The Agency may exercise their rights under Idaho Code by assessing the Lot Owners and certifying those Assessments in the same manner as real property tax. This Section shall not be amended without prior written approval from the Agency. The Association shall not be dissolved or relieved of its responsibility to maintain the defined Common Areas and Common Facilities contained therein without the prior written approval from the Agency. The Association and all Lots Owners, by accepting title to a Lot, agree that all Lot Owners within the Subject Property are benefited property Owners for purposes of this Section.

#### **ARTICLE 7: HOMEOWNERS ASSOCIATION PROPERTIES.**

7.1 Use. Each Owner of a Lot, his family, licensees, invitees, lessees and contract purchasers who reside on the Lot, shall be entitled to use the Association properties of which the Owner is a Member, subject to the following:

(a) Articles, etc. The provisions of the Articles and By-Laws of the Association applicable to the Lot, this Declaration and applicable Supplemental Declarations and the rules, regulation and standards promulgated thereunder. Each Owner, in using the Association properties, shall comply with the same.

(b) Suspension of Rights. The right of the Association to suspend the rights to use properties owned by it (except roads and other means of access by an Owner), for any period during which any Assessment against that Owner's Lot remains unpaid; and for any infraction of the Association Rules or the Association Rules and Standards.

(c) Dedications. The right of the Association to dedicate or transfer all or any part of properties owned by it to any public agency, authority or utility for such purposes and subject to such conditions as may be agreed by the Board, so long as said transfer does not diminish the security of the Mortgagees on any Lot.

7.2 Damages. An Owner shall be liable for any damages to the Common Area which may be sustained by reason of the negligence, reckless or intentional misconduct of said Owner or of his family, licensees, invitees, lessees or contract purchasers, both minor and adult. In the case of joint ownership of a Lot, the liability of such Owners shall be joint and several. The cost of correcting such damage shall be as a Limited Assessment against that Owner's Lot and may be collected as provided in Article 9 of this Declaration.

#### **ARTICLE 8: RIGHTS RESERVED BY DECLARANT.**

8.1 Notwithstanding anything to the contrary contained in this Declaration, Declarant expressly reserves unto:

(a) Itself, its successors and representatives, contractors and their subcontractors easements and rights-of-way on, over and across all or any part of the streets for vehicular and

pedestrian ingress and egress to and from any part of the Property, or any adjacent real property owned by Declarant, or its successors or assigns;

(b) Itself, its successors and representatives, contractors and their subcontractors (including any district, company, unit of local government, association or other entity providing water, sewer, gas, oil, electricity, telephone, cable television, or other similar services), easements, access and rights-of-way on, over, under and across all or part of the Common Area and utility easements on, over and under all Lots and Common Area as provided on any recorded subdivision plat of the Property for installation, use, maintenance and repair of all lines, wires, pipes, pumps, water wells, facilities, and other things necessary for all such services, provided that any installation, maintenance or repair of such lines, wires or pipes shall be performed with reasonable care and that the surface of said easement area shall be restored to the level and condition that existed prior to the doing of work; and

(c) Itself, its agents and successors, all water and water rights over, upon or under or appurtenant to the Property, or any portion thereof, and a nonexclusive easement on, over, under and across any utility easements as provided or created on any recorded subdivision plat for the construction and maintenance of the Pressurized Irrigation System.

#### **ARTICLE 9: ASSESSMENTS.**

9.1 Agreement to Pay Assessments. Each Owner, by acceptance of the deed therefor (whether or not it shall be so expressed in such deed) is deemed to covenant and agree to pay when due all Regular, Special and Limited Assessments made by the Association or the Declarant.

(a) Regular Assessments: An annual Regular Assessment shall be made by the Association in such amounts deemed appropriate by the Board. The Regular Assessments shall be based upon advance estimates of cash requirements as determined by the Board for the maintenance and operation of the Common Area, Common Facilities and all easement areas, if any, owned or controlled by the Association and for the performance by the Association of its other duties and responsibilities. Such estimates may include, but shall not be limited to, expenses of management, taxes and special assessments of local governmental units, including the Irrigation District, premiums for all insurance which the Association is required or permitted to maintain hereunder, landscaping and care of grounds, lighting, water charges, trash collection, sewerage charges, repair and maintenance, legal and accounting fees, and any deficit remaining from previous periods and the creation of a reserve, surplus and/or sinking fund(s). The initial annual Regular Assessment shall be the amount of Six Hundred Forty Dollars (\$640.00) per Lot, until changed by the Association.

(b) Limited Assessments: The Association shall have the power to levy a Limited Assessment against Owners and Lots for maintenance and repair of any Lot or any improvement on a Lot, if such maintenance and repair is necessary to preserve the quality of the Subdivision; and/or to correct a violation of the Declaration or any amendment thereto or the ACC Design Standards. No such Limited Assessment shall be levied until (a) the Board or ACC has given written notice to the Owner of the maintenance or violation cure required; (b) the Owner has refused to perform the required maintenance or correct the violation within a reasonable time; and (c) the Association has

incurred expenses for maintenance or correcting the violation. Thereupon, the Board shall have the power to levy a Limited Assessment against the Owner to pay for the costs of such maintenance and repair or correction of violation and any other costs or expenses, including attorney fees, arising out of or incident to such maintenance and repair of the Association.

(c) Special Assessments: In addition to Regular Assessments, the Association may levy at any time a Special Assessment payable over such period as the Board may deem appropriate for the following purposes:

(i) To defray, in whole or in part, the cost of any construction or reconstruction of Common Area or Common Facility, unexpected repair or replacement of a Common Area or any Common Facility located thereon or an easement area controlled by the Association, the furnishing of a special service or services (other than those appropriate for a Limited Assessment), or for any other expenses incurred or to be incurred as provided in this Declaration.

(ii) To cure a deficit in the common and ordinary expenses of the Association for which Regular Assessments for a given calendar or fiscal year are or will be inadequate to pay, as determined by the Board.

(d) Irrigation Water Assessment: It is contemplated that the Irrigation District shall provide pressurized irrigation water services to all Lots. In addition to any Assessments made by the Irrigation District for irrigation water, Owners may be required to pay to the Association, or to the Irrigation District, an additional Assessment, for the operation, maintenance, repair and replacement of the pressurized irrigation water system ("Irrigation Assessment"). Some or all of the Irrigation Assessments may be included in the Regular Assessment

9.2 Purpose of Assessments. The Assessments levied by the Association or the Declarant shall be used exclusively for the purpose of promoting the recreation, health, safety and welfare of the residents of Property and to carry out the objectives and responsibilities of the Association, and for the improvements and maintenance of any Common Area, Common Facilities and all improvements constructed thereon, the services and facilities devoted to this purpose and related to the use and enjoyment of the Common Area and Common Facilities, and including without being limited thereto, the payment of taxes and insurance on all or any part of the Property.

9.3 Collection and Enforcement. The Regular, Special, Limited and Irrigation Assessments, together with interest thereon and costs of collection and reasonable attorney fees, shall be a charge on the Lot and shall be a continuing lien upon the Lot against which such Assessment is made. Each such Assessment, together with interest, costs of collection and reasonable attorney fees shall also be the personal obligation of the Owner at the time when the Assessment fell due. The right to collect and enforce payment of the Assessments is vested in the Association.

If an Owner fails to pay an Assessment within thirty (30) days of its due date, the Association shall prepare a written notice of Assessment setting forth the type of Assessment, the amount of the Assessment, the amount remaining unpaid, the name of the record Owner of the Lot, and a legal description of the Lot. Such notice shall be signed by the President and Secretary of the Association,

whose signatures shall be acknowledged by a notary republic, and such notice shall be recorded in the office of the Ada County Recorder. Thereupon, and upon the continuing failure of the Owner to pay an Assessment, the lien for Assessment herein created may be foreclosed upon as provided by law for foreclosure of a mortgage on real property and other real property liens. Notwithstanding anything to the contrary contained in the Declaration and any amendment thereof, no action may be brought to foreclose the lien of any Assessment until the expiration of thirty (30) days after written notice of default has been deposited in the United States mail, addressed to the Owner of the Lot at the street address of the Lot or the last known address of the Owner, or otherwise if shown on the books and records of the Association. Such notice shall specify the amount and due date of the unpaid Assessments and the legal description of the Lot.

9.4 Set Up, Transfer Fee and Initial Regular Assessment. Assessments shall commence as to each Lot upon the closing of the first sale of such Lot from the Declarant, or as to the remaining Lots owned by Declarant, when such Lots are no longer offered for sale to the general public. At each such closing, the Owner thereof shall pay the sum of Six Hundred Dollars (\$600.00) and also such portion of the existing Regular Assessment pro rated for the remainder of the calendar year. These initial Assessments shall be paid to the Declarant to reimburse the Declarant the set up cost and the maintenance of the Common Area and Common Facilities and other Association costs incurred or to be incurred by the Declarant prior to the Transition Date. The pro rata portion of the Regular Assessment will be paid to the Declarant for each closing that occurs prior to the Transition Date and only paid to the Association if the Association has conducted its first annual meeting, elected a Board of Directors and assumed the obligations and expenses of the Association. Until the Association has conducted its first meeting, the Declarant shall have the full power and authority to exercise all of the rights, duties and functions of the Association. The Declarant shall have the exclusive use of Assessments for the purpose of discharging the duties and obligations of the Association in accordance with this Declaration. For each Lot that has been sold to a builder who subsequently conveys the Lot to a homeowner; or for each Lot that is purchased from the Declarant by a homeowner, there shall be assessed against such Lot a transfer fee in the sum of \$300.00, which fee shall be utilized by the Declarant to cover any management fees incurred in connection with the management of the affairs of the Association. The Association shall, upon its first meeting, initiate Assessments in accordance with this **Article 9**, without regard to or an accounting of the initial deposits or other Assessments previously paid to the Declarant.

9.5 Assessment Due Date. The due date for Regular Assessments shall be March 1, unless some other due date(s) is established by the board. Each Assessment shall be delinquent if not paid within fifteen (15) days after the due date set forth in any notice of Assessment.

9.6 Interest and Penalties. Any Regular, Special, Limited or Irrigation Assessments levied on Lots if not paid when due, shall bear interest at an annual rate as shall be set by the Board from time to time, or if none is so set, at an annual rate of fifteen percent (15%). Such interest shall commence on the date the Assessment becomes due and payable. In addition to the interest charged, the Board may, in accordance with Association Rules promulgated by it, impose additional fines or charges for the failure of an Owner to timely pay any Assessment when due. The right of the Board to charge interest or impose additional fines or charges shall be in addition to, and not in lieu of, any

other right of enforcement or sanction available to the Board in the event of non payment of an Assessment.

9.7 Billing for Annual Assessment. The Regular Assessment may be billed on a monthly basis, 1/12th per month on a quarterly basis, 1/4th per quarter, or annually, in advance.

9.8 Notice and Quorum for Special Assessment. Written notice of any meeting called for the purpose of making a Special Assessment shall be sent to all Association members not less than twenty (20) days in advance of such meeting. Such notice shall specifically indicate that a Special Assessment is to be considered at such meeting. A quorum of not less than a one-third majority of the members entitled to vote shall be required at such meeting whether in person or by proxy.

9.9 Uniform Rate of Assessment. Special Assessments must be fixed in an equal amount for each Lot that has been sold by the Declarant. All Special Assessments shall equally apply to all Lots, and no special rate or reduction in Assessment rate shall be allowed because any Lot is unimproved or does not have a Dwelling Unit thereon, except that any Lots owned by the Declarant that are still offered for sale to the general public shall not be subject to any Assessments.

9.10 Subordination to the Lien of Mortgage. The lien of Assessments provided for herein shall be subordinate to the lien of any First Mortgage. Sale or transfer of any Lot shall not affect the Assessment lien, but the sale or transfer of any Lot pursuant to a Mortgage foreclosure, if the Mortgage is held by any person other than a prior Owner of the Lot, shall extinguish the lien of such Assessments as to payments which have become due prior to such sale or transfer.

#### **ARTICLE 10: ARCHITECTURAL CONTROL COMMITTEE.**

10.1 Members of the Committee. The Architectural Control Committee shall be comprised of at least three (3) persons, all of whom shall be appointed as herein provided. A member of the ACC shall hold office until he has resigned or has been removed, but in any event, until said member's successor has been appointed. Members of the ACC may be removed at any time, with or without cause.

10.2 Appointment. At all times prior to the Transition Date, the Declarant shall have the sole right to appoint and remove all members of the ACC. Thereafter, all members of the ACC shall be appointed or removed by the Board. The ACC shall have the right by a resolution in writing unanimously adopted, to designate one (1) of its members to take any action or perform any duties for and on behalf of the ACC. In the absence of such designation, the vote of any two (2) members of the ACC shall constitute an act of the ACC.

10.3 Adoption of ACC Design Standards. Initially the Declarant and ultimately the ACC shall have the power to promulgate ACC Design Standards relating to the planning, construction, alteration, modification, removal or destruction of Buildings and other improvements within the Subject Property deemed necessary or desirable by the Declarant or the ACC, as the case may be, to carry out the purposes of this Declaration. All ACC Design Standards shall be consistent with the provisions of this Declaration. The ACC Design Standards may contain provisions not limited to

design standards, exterior finishes and colors, fences, landscaping, exterior lighting, mailboxes and the like. They may also include policies, procedures and rules, which in the discretion of the ACC are reasonable to maintain a quality subdivision and to protect property values. The Lot Owner shall review and be familiar with the current ACC Design Standards, copies of which are available from the Declarant, the Declarant's marketing representative and at various title and escrow companies, including LandAmerica Transnation Title.

10.4 Interpretation and Enforcement. The ACC shall have the authority to interpret and enforce any or all restrictions and covenants of this Declaration as they pertain to the Lots improvements. The ACC shall have the authority to pursue whatever action or litigation required to cause any Owner to remove and replace any element that the ACC interprets as deficient or outside of this Declaration or the ACC Design Standards. This right of enforcement can include the ACC hiring any or all of such work to be done and encumbering the Lot on which said work takes place with a lien for the full amount of the cost of said work plus any other costs ACC may incur in such enforcement.

10.5 Certification by Secretary. The ACC shall, upon written request, certify that improvements upon any Lot comply with this Declaration and have been duly approved by the ACC, or in the event said building or other improvements do not so comply, specifying the extent of noncompliance.

10.6 Variances. The ACC may authorize variances from compliance with requirements of any conditions and restrictions contained in this Declaration, the ACC Design Standards, or any prior approval when, in the sole discretion of the ACC, circumstances such as topography, natural obstructions, aesthetics or environmental considerations or hardship may so require. Such variances must be evidenced in writing signed by at least two (2) members of the ACC.

If a variance is granted as provided herein, no violation of this Declaration, ACC Design Standards or prior approval shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration or the ACC Design Standards for any purpose except as to the particular subject matter of the variance thereof and the specific Lot covered thereby.

The ACC shall have the right to consider and grant a variance as herein provided either with or without notice to other Owners or a hearing thereon.

The granting of a variance by the ACC pursuant to this Section shall not relieve the Owner from the obligation to fully comply with applicable ordinances of the City of Meridian, Idaho.

10.7 Application. To request ACC approval for the construction, alteration, modification, removal or demolition of any improvements within the Subject Property, the Owner shall submit a written application in a form required by the ACC which must be signed by the Owner and contain all information requested and be accompanied by all other material to be submitted as hereafter provided.

All applications must contain, or have submitted therewith, the following material (collectively called "Plans and Specifications") prepared in accordance with acceptable architectural standards and submitted with the application form, if any, approved by the ACC:

(a) Site Plan. A site plan showing the location of the Building(s) and all other structures and improvements including fences and walls on the Lot, Lot drainage and all set backs, curb cuts, driveways, parking areas and other pertinent information relating to the improvements.

(b) Building Plan. A building plan which shall consist of preliminary or final blueprints, elevation drawings of the north, south, east and west sides, and detailed exterior specifications which shall include, by sample if required by the ACC, all exterior colors, materials and finishes, including roof shingles, proposed to be used.

10.8 Security Deposit. At the time of first closing of each Lot from the Declarant the Closing Agent shall collect a Security Deposit in the amount of \$1,000.00. The Security Deposit shall be held by the ACC to secure the owner's construction obligations as the same may appear in the Owner's Lot Option Agreement, or otherwise appear in the ACC Design Standards. If the Security Deposit is not collected at Closing, the Owner shall submit the Security Deposit with the Owner's application required by Section 10.7. The Security Deposit shall be held by the ACC to insure compliance with all building requirements and the timely completion by the Owner of the improvements on the Lot as approved by the ACC, including, but not limited to, the landscaping as provided in Section 4.17, above. In the event the ACC determines at its final inspection that the Owner has fully complied with all building and landscape requirements, the Security Deposit shall be returned to the Owner without interest. In the event the final inspection reveals deficiencies in the Owner's construction and/or landscaping, or if the Owner or Builder fails to (i) comply with any of its construction obligations, (ii) substantially construct the improvements in accordance with the approved plans and specifications, or (iii) timely complete such improvements, the ACC shall have the right to deduct from such security deposit the amount of any costs which may be paid or incurred by the Association or a third party to complete such improvements and to bring the improvements into compliance.

10.9 Decision. In reviewing the application and the materials submitted therewith and in reaching a decision thereon, the ACC shall use its best efforts and judgment to assure that all Improvements shall produce and contribute to an orderly and aesthetically complementary design and appearance and be of the quality required to maintain the Property as a quality residential development. The ACC may, in its discretion, require the Owner to furnish additional materials beyond those required herein.

Unless extended by mutual consent of the Owner and the ACC, the ACC shall render its decision with respect to an application within twenty-one (21) days after the receipt of a properly submitted application. The decision of the ACC can be in the form of an approval, a conditional approval or denial. The decision of the ACC shall be in writing, signed by a member of the ACC, dated, and a copy thereof mailed to the Owner at the address shown on the application.

A conditional approval shall set forth with particularity the conditions upon which the

application is approved and the Owner shall be required to affix a copy of said conditions to the working drawings or blueprints which are to be kept on the job site during the entire course of the work to which said plans relate.

10.10 Inspection and Complaints. The ACC is empowered to inspect all work in progression on any Lot at any time. Such inspection shall be for the purpose of determining whether the Owner is proceeding in accordance with the approved application or is deviating therefrom or is violating this Declaration or the ACC Design Standards or the approved plans and specifications.

Should the ACC determine that there has been a deviation or a violation, it shall promptly issue a notice in writing thereof to the Owner, which notice shall specify the particulars of the deviation or violation and shall demand that the Owner conform to either or both of the following directives:

(a) The Owner shall immediately cease the activity which constitutes a deviation or violation: and/or

(b) The Owner shall adhere to the correct measures set forth in the written notice.

Should the ACC determine there has been no deviation or violation, it shall promptly issue a notice of such determination to the Owner.

10.11 Enforcement. The ACC, upon approval by the Board, shall be authorized on behalf and in the name of the Association to commence such legal or equitable proceedings as are determined by it to be necessary or proper to correct or enjoin any activity or condition existing within the Property, the continuation of which violates the provisions of this Declaration, the ACC Design Standards or the approved plans and specifications.

The ACC shall not commence such legal or equitable proceedings until a written notice of the deviation or violation has been appropriately prepared and given to the Owner but thereafter the ACC shall have the sole discretion to commence such proceedings.

The authority of the ACC as herein provided shall include the power to retain legal counsel and expert witnesses, pay filing fees, deposition costs, witness fees and all other ordinary and necessary expenses incurred in commencing and carrying out said legal or equitable proceedings, all of which costs shall be paid by the Association.

In the event the ACC and/or Association shall prevail in any such legal or equitable proceedings, all costs and expenses incurred in connection therewith including, but not limited to, attorneys' fees shall be reimbursed to the Association by the Owner against whom said proceedings are filed and upon the failure of said Owner to reimburse the Association within five (5) days after written demand therefore is mailed to the Owner, the Association shall have the right to levy a Limited Assessment against the Owner and the Lot owned by said Owner, which Assessment shall be equal to said costs and expenses incurred plus any additional costs and expenses incurred in levying the Assessment. Said Limited Assessment shall be due and payable at such time or in such

installments as may be determined by the Board, in its sole discretion. The failure of the Owner to pay said Assessments, or any installment thereof when due, shall be enforceable in the manner provided in **Article 9** of this Declaration.

**10.12 Additional Damages.** In addition to the costs and expenses to be reimbursed by the Owner, all other costs, expenses and damages determined by the Board to be proximately caused by the deviation or violation or the costs and expenses incurred by the Association to correct the same shall be assessed as a Limited Assessment against the Owner and the Lot owned by said Owner, which Limited Assessment shall be due and payable at such time or in such installments as determined by the Board, in its sole discretion. The right of the Board to enforce said Limited Assessment shall be the same as provided in **Article 9** of this Declaration.

**10.13 Non-Exclusive Remedy.** The right of the Association to levy a Limited Assessment as described in **Section 10.11 and 10.12**, above, shall not be deemed to be an exclusive remedy of the Association and it may, in its sole discretion, without waiver or any other legal or equitable remedy, pursue enforcement of the lien of said Limited Assessment(s), proceed to collect any amount due directly from the Owner and/or pursue any other remedies available at law or in equity.

#### **ARTICLE 11: ANNEXATION.**

**11.1 Procedure.** Additional land contiguous to the subject property may be annexed by Declarant without the consent of the Owners or the Association at any time. Upon the earlier of recordation of a final plat of such additional land, or the certification by the Declarant describing additional land that the Declarant intends to plat, such additional property shall, for the purposes of this Agreement, be deemed Annexed Property. Amendment of the Declaration to include such Annexed Property, and to subject such Annexed Property to the rights, privileges, restrictions, covenants and easements herein provided shall be made by the execution and recordation by Declarant of a Supplemental Declaration, which shall describe the additional property being annexed, and any supplemental or different covenants, conditions and restrictions applicable thereto, and any deletions or modifications to these covenants, conditions and restrictions as the Declarant may deem appropriate, and shall describe the Common Area and Common Facilities thereof. Upon such annexation, the Owners of the Lots within the Annexed Property, shall become Members of the Association with all rights, privileges, and obligations as all other Members

**11.2 Designation of Common Areas.** Any Common Area and Common Facilities designated by Declarant as such on the plat of the newly annexed additional property or in the

#### **ARTICLE 12: GENERAL PROVISION.**

12.1 Enforcement. The Association, the Declarant, any Owner, or any First Mortgagee shall have the right to enforce, by proceedings of law or in equity, the terms and provisions of this Declaration. Failure by the Association or any Owner to enforce any covenant or restriction contained herein shall in no event be deemed a waiver of the right to do so thereafter.

12.2 Severability. Invalidation of any one of these covenants or restrictions shall in no way affect other provisions which shall remain in full force or effect.

12.3 Term. This Declaration shall run with the land and shall inure to the benefit of the Association, the Owner of any Lot, and any First Mortgagee as provided herein, and their respective legal representatives, heirs, successors, grantees, and assigns, for a term of forty (40) years from the date of this Declaration.
